Deborah,

I really don't remember much about the case, but I'll check into it Friday when I return to the office & can look at the file.

Marc -

I'm just starting to look at the inspection from Collis in Clinton, Iowa and they were cited for a number of violations. I saw that they were also cited for a number of violations in 2007.

In looking at the other Collis facilities in Iowa, I saw that you had a 2009 inspection for another Collis facility in Iowa. Do you know if you are thinking that it will have a penalty? Are there violations associated with that inspection? I just wanted to see if we would need to coordinate as I move forward with the inspection at the Clinton location.

Thanks!
